

SURFACE MOUNT JACK FCC-68

6901 SERIES. Surface mount jack.

General Features

- Available in 6/4, 6/6 and 8/8 circuits
- Standard telephone jack FCC-68
- Full gold plating contacts with different plating
- Reduced version available

Materials

- Insulator: ABS
- Contact: 0.46 mm round in phosphor bronze
- Screws: Steel nickel plating
- Operating temperature: -25°C to + 85°C
- RoHS compliant

Dimensional Information

Electrical Features

- Voltage rating: < 125V
- Current rating: < 1.50 A
- Contact resistance: < 20 mΩ
- Dielectric withstanding voltage: 300 V AC/minute
- Insulation resistance: >1000 MΩ

Mechanical Features

- Durability: 750 cycles

Standard Version

Circuits	Part Number	
	Standard	Reduced
6/4	6901 - 3641	6901 - 3643
6/6	6901 - 3661	-
8/8	6901 - 3881	-

Reduced Version
Available in 6/4 circuits
